PRECONTRACT APPROVAL RECORD  
(PART TWO)

CONTRACT

FIREWEL COMPANY, INC.

25X1A

The services and equipment being procured by this Contract AB-F-3200  
Task Order No. 15 are in furtherance of the [REDACTED]  
Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

*This price was negotiated by the undersigned with the contractor on 27 June 1967 and is considered by both parties to be fair and reasonable. (Dwas fair - he was reasonable - he won it my way!) Whereas the contractor originally proposed a unit price of \$1075.02 each for 20 units - total price \$21,500.40, it was possible to negotiate the unit price to \$520.26 each for a total of \$10,405.20. or a difference (savings?) of \$11,095.20, or about 105% of the firm price! This paid for the trip to Buffalo. The 50K I picked up on GN 6711 is just frosting on the cake!*
